

# SYMBIOSIS INSTITUTE OF HEALTH SCIENCES

Symbiosis International (Deemed University)

(Established under section 3 of the UGC act 1956 vide Notification No. F.9-12/2001-U.3 of the Government of India)

Accredited by NAAC with 'A' grade

FOUNDER: PROF.DR. S. B. MUJUMDAR M. Sc. Ph.D. (Awarded Padma Bhushan by President of India)

---

## NGO and Entrepreneurship

(Entrepreneurship)

Date: 21<sup>st</sup> November, 2020

Day: Saturday

Time: 2 pm to 4 pm

Public Health Program, Symbiosis Institute of Health Sciences (SIHS-MPH) organized NGOs and Entrepreneurship. The webinar conducted on Google Meet and which was attended by 28 attendees. The event was organized by Dr Raghupathy Anchala, Professor and HoD, SIHS. The welcome speech and introduction of the speakers are done by Dr Anchala.

The Speakers talked about the working of the NGOs and turning the passion of the individual into entrepreneurs. They have extensively talked about Disha Foundation in explaining the working of the NGO and catering the needs of the populace. While discussing about the foundation and community work, they provided examples of public health, and the ways one could make difference in the lives of community.

Dr. Raghupathy Anchala  
Professor and HoD  
Public Health Program  
Symbiosis Institute of Health Sciences, Pune.  
A Constituent of Symbiosis International (Deemed University)

## SUBHOJIT DEY

**Address:** D4, 1204, The Legend, Sector 57, Sushant Lok Phase 3, Gurgaon - 122003.  
Haryana, India.

**Email:** [umichmail@gmail.com](mailto:umichmail@gmail.com); **Phone:** +91-971-179-5055;

### ACHIEVEMENTS AND GOALS

---

Main achievements:

1. Public health expert – with national and global experience spanning almost 15 years
2. More than 60 scientific publications – mostly in reputed international journals
3. Experience in creating grant proposals, obtaining funding, grant management, project development, leading and managing large projects for the entire project cycle – design to evaluation, on-ground implementation, knowledge synthesis via papers/reports, knowledge translation, communicating and working with policymakers and government – central and states, national and international collaborators including donors/funders, communicating with media – TV and print (including event planning)
4. Lead and manage multiple organizations – non-profit and for profit

Future goals:

Build a multi-faceted career in public health, with national and international expertise, and emphasis on translation and innovation

### EDUCATION

---

**University of Michigan, School of Public Health** Ann Arbor, MI, USA  
**PhD in Epidemiology** August, 2009

Research focused on cancer epidemiology. Research in breast cancer and environment using large population-based registry data.

**University of Michigan, School of Public Health** Ann Arbor, MI, USA  
**MPH in International Health Epidemiology** Dec 2005

Course work emphasis on epidemiological research in developing countries. Learnt essential skills for data creation, management, analysis and interpretation in low resource settings.

**Indian Institute of Alternative Medicine** Kolkata, India  
**MD in Alternative Medicine** April 2004

Learnt holistic medicine and curing diseases through yoga, acupressure, herbalism and other modes of therapy.

**JIPMER** Puducherry, India  
**Bachelor of Medicine and Bachelor of Surgery (MBBS)** July 2002

Won distinction in the subjects of Physiology and Pathology.  
Ranked among the top 15% in my batch.

**Ranked 71 among 500,000 students in the All India Pre-Medical Test** July 1996  
Top 1% of students nationally.

### Workshops and trainings

**Public Health Environment Health** Gurugram, India  
**Short Course** Sept 6-16, 2016

<b>Global Burden of Disease Technical Training Workshop</b>	Eretria, Greece May 4-14, 2016
<b>International Communication Skills Training Presentation and Communication training</b>	Noida, India Oct 12-14, 2015
<b>Competency Frameworks for Public Health Education Short Course</b>	Delhi, India June 3-7, 2013
<b>Health policy and ethics Short course</b>	Delhi, India July 23-26, 2012
<b>Social epidemiology and social determinants in health Short course</b>	Ahmedabad, India 2-6 April, 2012
<b>Systematic reviews, research synthesis and decision making – A primer</b>	Delhi, India November 7-11, 2011
<b>Introduction to qualitative research methods Short course</b>	Delhi, India April 4-8, 2011
<b>Summer School in Cancer Epidemiology Short course</b>	Lyon, France June 19-July 14, 2006

### **WORK EXPERIENCE**

---

<b>Disha Foundation (<a href="http://www.dishafoundation.ngo">www.dishafoundation.ngo</a>)</b>	India
<b>Executive Director</b>	May 2014 – present
Part of national non-profit organization dedicated towards health, education, livelihood, advocacy, governance and policy. Main tasks: Advise the organization in various projects and provide scientific and technical inputs as required. Create scientific articles, reports, policy briefs, media and press notes. Assist in organizational activities including administration, finance, resource generation and management. Create funding proposals and liaise with funders. Collaborate with various stakeholders including policymakers at Indian central and state levels, national and international partners, corporate and civil society organizations, media agencies.	

Led or co-led following projects so far:

<b>Project name</b>	<b>Specific Aim</b>	<b>Funder</b>	<b>Amount (INR)</b>	<b>Time Period</b>	<b>Area</b>	<b>Status</b>
Developing National Migration Data Repository	To collect data on migration at village level across India	Ministry of Tribal Affairs	70 lakhs	May-Aug, 2020	National	Ongoing
Universal Access to TB Care (UATBC)	Involving private medical practitioners in TB	RNTCP	2 crores	May, 2016 – April,	Nagpur	Ongoing

	diagnosis and care, X-ray outsourcing and nutritional support to TB patients			2020		
TB Reach	Involving AYUSH doctors in TB diagnosis and care & piloting AI for chest X-rays	PATH	1.5 crores	Sept, 2018 – Oct, 2019	Nagpur	Completed
Advocacy campaign on trans fat elimination and reduction of hypertension	Informing media outlets and advocate for trans fat elimination and hypertension reduction in India	GHAI – Global health advocacy incubator	1.3 crores	Oct, 2018 – May, 2020	National	Completed
National study on Tribal Livelihood Migration in India	Collect data from 12 states to map the status of tribal migration in India	Ministry of Tribal Affairs	40 lakhs	Sept, 2017 – June, 2019	National	Completed
Implementation of Discovering Hands project in India	Piloting and validating a new method of breast examination in India	Bayer Foundation	2.5 crores	Dec, 2015 – Nov, 2017	Delhi-NCR	Completed

**Founder-CEO, Nonco ([www.nonco.in](http://www.nonco.in))**

Nonco was a startup focused on providing cancer prevention services for two biggest cancers of women in India  
Part of Prosinno Private Limited.

India  
Jan-Nov, 2019

**President and Co-Founder – AdyaGaia Private Limited**

Private company working on various social and health issues.

India  
2017 – present

**Disha Livelihood Foundation**

Non-profit company working on various social and health issues.

India  
2012 - present

**Indian Institute of Public Health, Delhi**

**Associate Professor**

**Adjunct Faculty, Biological Sciences**

**Academy of Scientific and Innovative Research (AcSIR)**

**PHFI Lead** – State Level Burden of India group for cancer: part of the Global Burden of Disease (GBD)

**Co-chair** of the Cancer Interest Group (CIG) at PHFI – intended to increase collaborative research on cancer

**Member** – Institutional Ethics Committee (IEC) at IIPHD.

**Co-Chair** of the RAD (Research Administration and Development) committee at my institute and involved in keeping a track of and increasing research activities.

Gurugram, India  
Nov, 2013 – Dec, 2017  
Dec, 2015 – Dec, 2017

Teaching multiple courses on epidemiology, biostatistics and quantitative research at the Masters level for fulltime academic programs and short-term workshops and trainings  
Conducting research on chronic diseases-mainly cancer, environment, elderly health, alternative medicine and health system of India, and applying for grants and funding.  
Conducting training on monitoring and evaluation (M&E).

Part of the faculty involved in designing and teaching the Distance Learning  
Epidemiology Course and Distance Learning Nutritional Epidemiology Course at PHFI.

**Indian Institute of Public Health, Delhi**

New Delhi, India

**Assistant Professor**

June, 2010 – Oct, 2013

Teaching, training in full time course, distance learning courses and workshops, and conducting research on cancer and alternative medicine.

## CONSULTANCIES

Consultant for the following organizations

1. **Centre for Catalyzing Change (C3), India: Senior Consultant** – Evaluation of advocacy work of White Ribbon Alliance in India. 2019-20

**IMS Health, India: Senior Consultant** - Part of the Global Operations of Real World Evidence Solution (RWES) team - responsible for creating and conducting studies, analyzing data, creating reports and manuscripts for pharma industry worldwide esp. Middle-East and Europe. 2015-16

2. **Centre for Catalyzing Change (C3), India: Senior Consultant** - Part of the advocacy campaign for Maternal and Newborn Health (MNH) – creating desk reviews to support the campaign. 2013-14

3. **IBM SPSS: Senior Consultant** - Conduct live statistical and analytical trainings in SPSS for various clients in government and industry. 2014-15

**University of Michigan, School of Public Health**

Ann Arbor, MI

**Research Associate II**, Department of Epidemiology

Nov 2009 – May 2010

Conducting epidemiological research on multiple topics related to cancer epidemiology.

**University of Michigan, Comprehensive Cancer Center**

Ann Arbor, MI

**Research Assistant**. Department of Surgical Oncology

Summer term, 2009

Data extraction and management for research project on melanoma using clinical databases.

**University of Michigan, School of Public Health**

Ann Arbor, MI

**Tutor**. Epid664: Field Methods in Epidemiology

Winter term, 2008-09

for developing countries

Assisted with course materials, gave lectures and shared experiences in cancer epidemiology research.

**University of Michigan, Department of Biology**

Ann Arbor, MI

**GSI**. Bio 162 & 207: Introductory Biology, Microbiology.

Jan 2006-Jun 2009

Lead laboratory and discussion sections, give quizzes, grading and assisting students with research.

**University of Michigan, School of Public Health**

Ann Arbor, MI

**GSI**. Epid709: Fundamentals of Epidemiology.

July, 2005

Provided inputs for the course, held office hours and assisted the instructor in grading and organization of the course.

**Aarupadai Veedu Medical College (AVMC)** Pondicherry, India  
**Tutor, Department of Community Medicine** Dec 2003 to June 2004

Involved in community health projects. Taught undergraduate medical students and conducted seminars and tests. Worked as research guide.

**JIPMER** Pondicherry, India  
**Junior Resident, Neurology and Surgical Specialties** Oct 2002 to Aug 2003

Worked as a physician and treated patients. Assisted in the startup and running of the new computerized epilepsy surveillance laboratory. Assisted with research papers.

**Pondicherry Institute of Medical Sciences (PIMS)** Pondicherry, India  
**Junior Resident, Emergency Medical Services** Mar 2002 to Aug 2002

Worked in the emergency ICU and Casualty. Managed and coordinated work during emergencies. Assisted in emergency surgeries. Participated in peripheral health camps.

**JIPMER** Pondicherry, India  
**Intern, Various Specialties.** Jan 2001 to Feb 2002

Worked in various departments including the Department of Preventive and Social Medicine. Involved directly with various National health programs like Polio Eradication and TB Control.

## GRANTS AND AWARDS

---

**Public Health Research Initiative (PHRI)** Sept, 2015-March, 2017

**Research Fellowship** (INR 30 lac or ~\$50,000)

Principal investigator of the project “Portraying breast cancer survival in Delhi – bridging knowledge gaps about breast cancer survivors and survivorship in India

**PHFI-UKC Wellcome Trust Capacity Building** Oct, 2012-Sept 2014

**Programme – Research Grant** (INR 20 lac or ~\$40,000 )

Principal investigator of the project “Breast cancer awareness – evaluation of a campaign and planning further dissemination”

**PHFI-UKC Wellcome Trust Capacity Building** Jan,2013-Dec,2015

**Programme – Research Grant** (INR 30 lac or ~\$60,000 )

Co-investigator in the project “Occupational exposure to pesticides and breast cancer in Punjab”

**Indian Council of Medical Research** May,2012-Jul,2014

**Task Force Study** (INR 50 lacs or ~\$100,000)

Co-investigator in task force study “Intervention study on migration, poverty and access to Healthcare: a multi-centric study on people’s access and health systems responsiveness in Nasik city of Maharashtra”

**University of Michigan Graduate Studentship Award** January 2006 – June 2009

Funding for doctoral studies (~\$200,000)

**Block Grant, Department of Epidemiology** (\$1500) Spring-Summer-Fall 2008

For studying breast cancer in Egypt, my doctoral dissertation.

**Rackham Graduate Student Research Grant** (\$3000) Spring-Summer-Fall 2008  
For studying breast cancer in Egypt, my doctoral dissertation.

**Global Health Program, School of Public Health** (\$5000) Summer-Fall 2007  
Research grant to establish case-control study in Mumbai, India.

**Rackham Travel Grant** (\$1500) Summer-Fall 2007  
Grant by Rackham for research travel for Mumbai, India.

**Graduate Seminar on Global Transformations** (\$3000) Summer-Fall 2007  
Travel grant administered by the Center for International and Comparative Studies (CICS), International Institute for Mumbai, India.

**Graduate Global Health Travel Fellowship** (\$3000) Spring-Summer 2006  
Administered by the Global Health Research and Training Initiative (UM-GHRT). For travel to IARC, France and Mumbai, India.

---

### RESEARCH TRAVELS

---

**Visit to Tanta, Egypt** May 2008 – December 2008  
Working with Gharbiah Population-Based Cancer Registry for research into spatial and temporal patterns of breast cancer in Egypt, my doctoral dissertation research.

**Visit to Tata Memorial Hospital, Mumbai, India** July 2006, July-December 2007  
Involved in setting up collaboration with Tata Memorial Hospital, Mumbai for case-control study on breast cancer and environment.

**Visit to IARC, Lyon France** Feb and July 2006  
Involved in preliminary research on data from a multi-center case-control study in South Asia. Also attended IARC summer school in cancer epidemiology.

- Saudi Medical Journal
- Social Science and Medicine

---

### SKILLS

---

**Computers:** Have working knowledge of HTML and web site creation. Proficient with MS Office, SAS, SPSS, R, Epi Info.

**Languages:** Fluent in English, Hindi and Bengali. Basic in Tamil, French and Arabic.

---

### INTERESTS

---

**Hobbies:** Sketching and painting using watercolors – have had an exhibition of my paintings in Pondicherry, India in 2004.

Playing songs on harmonica and drumming.

Writing poems, stories and articles. Have published articles and stories in magazines. Also published a short collection of stories - A Motley Bunch: Contemporary Stories from the Doctor's World. Mukti Publishers 2004.

## **Dr. ANJALI BORHADE**

The Legend, D4 1204, Sector 57, Sushant Lok Phase 3, Gurugram, Haryana, India 122003

Ph:+91-9650806259 / email:banjali@gmail.com

---

### **Highlights:**

- A dedicated professional in public health, social determinants of health and economic development with special focus on migration, urban health and development in low- and middle-income countries.
- Diverse and long work experience of 18 year's in the field of Academia, Development sector, Expert and advisor to Indian Government and UN with consistent focus on urbanization, migration and health
- Provided close support to state and national governments in India to create national migration data repository for migrant workers, migrant specific health and social security initiatives at national level during COVID19 situation through convergent action.
- In past 18 years, Initiated and implemented many successful intervention and research projects for upliftment of low income and vulnerable urban migrant groups for improving their access to health, social security, livelihood conditions in Maharashtra and other states of India.
- Provided technical support to state governments and national ministries mainly Ministry of Tribal affairs, Health, Finance, Labour and Planning Commission of India.
- Served as technical expert and advisor to various UN agencies such as UNESCO, UNICEF, WHO and ILO for creating urban migrant labour friendly Programmes and policies.
- Served as temporary advisor to World Health Organization, Geneva for creating Global Strategy and Action plan on migrants and refugee health.
- Served as Technical expert to World health Organization, South East Asian regional office for drafting regional strategy and action plan on migrants and refugee health.
- Served as Technical Expert to World health Organization, South East Asian regional office for review and analysis of policies of migrant's health in SEARO region

### **Key skills:**

- Eighteen year's extensive experience and composite skills in the leading, planning & coordinating multidisciplinary public health programmes for urban migrants, including the implementation of Tuberculosis control & treatment programme, mother and child health programme, occupational health programme. Ability and commitment to collaborate effectively and co-ordinate with multi-stakeholder partners such as state and federal governments- (specially with urban health mission, urban development ministries, city health officials), civil societies, academia, funders, UN agencies, and diverse communities.
- Strong skills in the area of developing and advocating for policies and strategies to ensure inclusion of urban migrants in various mainstream health and social security programmes.
- Excellent skills in managing diverse teams, financial resources and mobilizing resources.
- Exclusive experience in developing digital data tools to capture migrant's data at national level in India.

- Exclusive skills to create audio and visual content of training manual for migrant workers to empower them for demanding and accessing health and social security programs before and during migration at source and destination locations. Training manual is available in booklet and video form which can directly accessed by migrant workers through mobile application.
- Exclusive experience in developing and drafting Global and SEARO strategy and action plan for migrants and refugee health with Geneva & South East Asia Office of World Health Organization as an expert advisor and consultant.

## **QUALIFICATIONS**

### **EDUCATION : Public Health, International Health, Social Welfare, Labour Laws**

- Doctor of Philosophy (D.Phil.) in Public Health - Migration and health policies; Nuffield Department of Population Health, Oxford University, UK, 2013-2017.
- Master of Public Health (MPH) -International Health and Development, Tulane University, USA 2007-2009.

- Diploma in Labour Laws and Labour Welfare (DLL&,LW) University of Pune, India, 1997-1998.
- Bachelor of Arts (B.A) in English Literature, University of Pune, India, 1993-1995.

## **WORK EXPERIENCE**

**Diverse and long work experience of 18 years in the field of Academia, Development sector, Expert and advisor to Indian Government and UN**

### **ACADEMIA**

#### **Teaching and Academic Experience:**

Developed and taught various academic courses for graduate and post graduate level students in India and USA, mainly at Institute of management Research and Technology, Nasik, India, Institute of Public Health (IIPH)- Public Health Foundation of India, Delhi and Tulane University, USA.

Areas of expertise: Urban health, Migrant's health, Tribal livelihood, health and development, gender and equity, Livelihood migration and Development.

#### **Associate Professor: August 2009 – December 2017 (10 years)**

#### **Indian Institute of Public Health (IIPHD)-Public Health Foundation of India, Delhi**

Headed Urban health portfolio, developed and taught various academic courses for post Graduates on urban health, gender mainstreaming in public health, project management, operations research, led various research on public health issues, high level policy advocacy with State and national government mainly Ministry of Health and Family Welfare.

Capacity development of different tiers of health officials of National Urban Health Mission across the states in India on urban health project management, Pedagogy skills, financial management, documentation skills.

**Adjunct Professor: May 2009 till May 2011 (Three years)**

***School of Social Work, Tulane University, New Orleans, LA, USA.***

Developed and taught academic courses for post graduate level students on Public Advocacy at Tulane school of Social Work, Tulane University. Advocacy is an important tool to promote social justice and social equity including the well-being of underprivileged groups and individuals across the countries. A multi-disciplinary course was designed to develop advocacy skills applicable to different social issues with government, the judiciary, politicians, the media, and civil society. The course was approved by academic committee of Tulane School of Social Work as an elective SW7600-01. The course was taught for three years in summer of 2009, 2010 and 2011. On an average 10-15 students from multi-disciplinary tracks participated in the course every year, mainly from social work, public health and law stream. Students were facilitated to learn the concept of advocacy in a systematic manner and were exposed to different advocacy efforts employed in a variety of sectors and regions. Students gained the skills in advocacy including issue framing, alliance building, and planning campaigns to compose effective people centered advocacy in their respective fields mainly social determinants of health, migrants/refugee health, prompting gender equity, human rights etc.

**EXPERT & ADVISOR**

Serving/served as an advisor to different national and international agencies

**Committee Member: Niti Aayog, Policy Think Tank of Government of India**

Invited as member in the newly established committee for formulating national programs and Policies for migrant workers in India post COVID19 situation.

**Invited member: Global network on migration and health**

Invited as a special member by International Organization for Migration and Health, UN agency for migration, to lead a theme of internal migration, in their existing global network on migration and health in 157 countries

**National Commission for Scheduled Tribes, Government of India: May 2016 till April 2017**

Honorary Advisor for creating recommendations on comprehensive national policy framework for Addressing multiple needs of tribal labour migrants in India

Preparation of action plan based on comprehensive national policy framework for Addressing multiple needs of tribal labour migrants in India; the policy recommendations were suggested by National Commission for Scheduled Tribes to Ministry of Tribal affairs.

**UNESCO, India: June 2011 – 2012**

Technical Advisor for implementation research and advocacy for urban development and health issues among urban migrant populations in India

**World Health Organization, South Asian Regional Office. 2014, 2018**

Technical Advisor for drafting strategies and action plan for migrant's and refugee health in SEARO region 2018

Technical Expert for review and analysis of policies of migrants health in SEARO region in 2014

Involved in the Regional Workshop on Urban Health Equity Assessment and Intersectoral Response, organized by WHO-SEARO in 2012.

**World Health Organization, Headquarter Geneva Office.2019**

Technical expert and Advisor (along with 20 global experts )for WHO headquarter for global action plan and strategy for migrants and refugee health 2019-23: in 2018

**Honorary National Conveyer: February 2010-till date**

National Coalition of Organizations for security of migrants Workers in India. Initiated and currently convening the national coalition of NGOs, academia and researchers Working on migration, urbanization and development issues including health

**NGO DIRECTOR**

***Acting Director: December 2002-2007, Resumed January 2018 Disha Foundation, NCR Delhi, India.***

Founded and administered creation of the Disha Foundation, dedicated to work on livelihood migration, and public health and development issues in India. Managed overall organization, prepared budget. Managed fund raising, designed advocacy campaigns. Influenced policies and Strategic planning with high level bureaucracy in India. Disha's website is [www.dishafoundation.ngo](http://www.dishafoundation.ngo)

Leading diverse public health research and interventions including communicable and non-communicable diseases. Disha's main focus in recent past has been on tuberculosis, breast cancer and cardiovascular diseases. Disha is also working on research and advocacy related to increasing access to healthcare services by marginalized social groups.

Disha has provided close support to state and national governments in India to create national migration data repository for migrant workers, migrant specific health and social security initiatives at national level during COVID19 situation.

Developed exclusive digital eco-system to support migrant workers in India through mobile app, helpline and migrant support centres. Migrant workers can demand services such as health, financial inclusion, job linkages and legal support through app or helpline, and Disha's social workers facilitate requested support to the worker through established network of service partners.

Disha is pioneer NGO working in universal access to Tuberculosis care (UATBC), the first pilot of RNTCP in Nagpur, Maharashtra, where private sector engagement (Allopathy and AYUSH doctors) was successfully initiated for TB screening and treatment, the Nagpur UATBC model is now widely scaled up in India.

Disha Foundation has recently worked on a campaign **to promote cardiovascular health including transfat elimination and hypertension** in 5 states of India, in partnership with

Global Health Advocacy Incubator (GHAI) of the Campaign for Tobacco Free Kids (CTFK), which is supported by the Resolve to Save Live (RTSL) initiative.

**INDEPENDENT TRAINER: DECEMBER 2002- till date**

Trained various state government departments and NGO networks in various states of India on component including: Health Communication, health financing, human resource management, gender mainstreaming in public health, HIV/AIDS and Reproductive health issues and Organizational Development. Livelihood and Skill Building, Food Security.

**RESEARCH EXPERIENCE**

Designed and implemented various intervention studies (using qualitative and quantitative Methods) in past 14 years for vulnerable populations like urban migrants, prison inmates, Urban and rural youth, and women in sex work, front. The research areas includes strengthening health system, national programs in India mainly Tuberculosis, Food security and Integrated Child Development Program. Other studies strengthening urban governance including health for better policy creations and community participation, migration and development issues including health, livelihood, gender and migration governance.

Latest research projects are:

1. Tribal Livelihood Migration, policies and future directions in 12 states of India (2017-2020)\_ Study commissioned by Ministry of Tribal affairs, GOI. National action plan is developed based on study recommendations to create national migration repository and training manual for migrant workers to empower them to demand and access health and social security programs at source and destination areas before and during migration.
2. Comparative analysis of health and social protection policies for migrant workers in Low and middle incomes countries; supported by Wellcome Trust, UK and University of Oxford, UK.
3. Addressing sexual and Reproductive Health of migrants in Maharashtra-Intervention study supported by Macarthur Foundation and Population Council, Delhi.
4. Migration, poverty and access to healthcare: a multi-centric study on people's access and Health system's responsiveness in fast-growing smaller cities- qualitative and quantitative study supported by India Council of Medical Research, Delhi

**SUCCESSFUL GRANTS:**

Authored successful grants for different research and interventions on migrant's health and related social determinants such as livelihood, education and social security.

In last 18 years, the major grants received from national and international agencies specially State and national government of India, MacArthur Foundation, India, Population Council, Indian Council of Medical Research, Department for International Development (DFID), UK, Sir Dorabji Tata Trust, India, Indo German Global Society, Germany, Action aid, UK, Shell Foundation, UK, UNDP, MCH-STAR-USAID, Wellcome Trust, UK and University of Oxford, And Consultancy from World Health Organization.

Cc: Disha Foundation Delhi-NCR &lt;foundation.disha@gmail.com&gt;, Ms Abha Arya &lt;abha@sihspune.org&gt;

Dear Subhojit and Anjali

Thank you for the quick response and the confirmation. Much appreciated.

We will schedule this from 2 pm to 4.20 pm on 21 Nov 2020

The topics that our students would be interested in are:

1. NGO - how to start a NGO and start up difficulties - how you overcame them from your live experience in the field? 30 min session with 5/10 min for Q and A
2. Perspectives on community based participatory research - what is so different about tribal research ? How have you reached the needy population and your experiences - 30 min session with 5/10 min for Q and A
3. Advocacy: How to network and push for advocacy with local government bodies - 30 min session with 5/10 min for Q and A
4. Disha Foundation work during COVID 19 - 15 min session with 5 minutes for Q and A

The above topics/choice of speakers are open for discussion and feedback.

My colleague (Prof Abha Arya - cced) will send a detailed schedule closer to the date based on the feedback received from you on the above timings and topics.

With Best Regards

Raghu

On Fri, Nov 6, 2020 at 1:48 PM Subhojit Dey &lt;umichmail@gmail.com&gt; wrote:

Dear Raghupathy,

21st Nov works but can we have it in the 2nd half - 2pm or later?

It will also be great if you could provide a list of topics of interest for students so that the talk is more structured.

Do let us know. (Anjali is cced)

Thanks and regards,  
Subhojit.

Dear Subhojit and Anjali

Good morning and greetings from Symbiosis Institute of Health Sciences.

Currently we have two batches of MPH students and our first batch of MPH students are graduating next year (June 2021). A quarter of them wish to see their career prosper in the entrepreneurship domain and half of them are

seeking placements/internships in NGO sector

I could think of no better example than your case.

May I request you and Anjali to kindly share your experience of setting up Disha Foundation right from the scratch during an online webinar which could be scheduled based on your convenience.

Would 21 November (Saturday) at 10 am suit your schedule? If not, you could suggest alternate dates (preferably Saturday).

We would be highly obliged to hear your perspective on the shift from academic to NGO domain. You could also showcase the passion, the work of Disha foundation (including center of excellence from Ministry of Tribal welfare and your work during COVID 19 and the opportunities in the NGO/CSR sector

Hope to hear a positive response from your end.

Unfortunately, I do not have Anjali's email ID and hence I am writing to you to request both of you.

With best regards

Raghu

Dear Subhojit and Anjali

Thank you for confirming the topics, timings and the date.

All the attendees will be MPH students from SIHS Pune

Their background varies - some have BDS background, some are physiotherapists, some are Ayush graduates - they are all eager to hear out your experiences

May I request you to kindly share your CV and a photograph so that it can be shared and displayed during the webinar.

The meeting will be held on google meet platform and I shall share the link closer to the date.

With best regards  
Raghu

Wed, Nov 18, 2020 at 7:16 PM

Dear Trainees

The Public Health department is organising a **webinar on 21 Nov (this Saturday) from 2 pm to 4.20 pm on NGO and entrepreneurship**. My colleagues, Dr. Subhojit Dey and Dr. Anjali Borhade who have established their own NGO - Disha foundation (<http://www.dishafoundation.ngo/>) will be the guest speakers.

The below mentioned topics will be covered

1. NGO - how to start a NGO and start up difficulties - how you overcame them from your live experience in the field? 30 min session with 5/10 min for Q and A
2. Perspectives on community based participatory research - what is so different about tribal research ? How have you reached the needy population and your experiences - 30 min session with 5/10 min for Q and A
3. Advocacy: How to network and push for advocacy with local government bodies - 30 min session with 5/10 min for Q and A
4. Disha Foundation work during COVID 19 - 15 min session with 5 minutes for Q and A

May I request you all to email me and Prof Abha the questions for the above topics which you could ask the learned experts during the Q and A session.

I would also need volunteers to lead the session and act as moderators and for vote of thanks from both senior and junior batches

@abha arya - pl coordinate the above mentioned

Needless to say...attendance is mandatory for this interesting session

With Best regards
