Action Taken report for Academic year 2020-2021

Sr. No	Particulars / Action Point	Action Taken
1	Public Health Nutrition syllabus is long and students want more time.	The classes can be scheduled a bit early.
2	The internship credits are 10 and that can be bifurcated further.	Public Health program has proposed that Internship can be split into Summer Internship Program (5 credits) and Project (5 credits).
3	Field Exposure can be increased.	Due to the lockdown the field exposure was hampered and when the lockdown would lift, field visits will start.
4	Want more electives.	Will explore other value added areas like health economics, community health, excel basics etc.
5	Want hands-on training in biostatistics.	Have asked the teacher to train students in software online.

Dr. Raghupathy Anchala
Head, Master of Public Health

Dr. Rajiv Yeravdekar
Director, SIHS
