8	Overall Rating to the faculty teaching.	15	19	47	22	7
9	My performance in internal evaluation was discussed with me.	8	41	42	14	3

Summary of Feedback Analysis and Action Taken:

Sr. No	Particulars / Action Point	Action Taken
1	We need more faculty for Dialysis Technology, and more Lectures need to be conducted throughout the semester	To appoint dedicated faculties for specializations. More focus on 'hands-on' practical training. To improve regular scheduling of teaching activities - to look at rescheduling of cancelled schedule classes with respect to timings. To brief students properly regarding relevance & importance of Service Learning activity & Elective courses for their overall development. To make industry visits compulsory to all students.
2	Service Learning was a very helpful subject but unintentionally it turned out to be like a burden subject, so maybe students should be made aware about it in the beginning itself to be well prepared and smooth with the subject .	
3	According to me Elective courses such as Political science and film appreciation are of no use for us in future as a medical technologist	
4	Most of our lectures got cancelled so i think that part should be considered	
5	The lectures where not appropriate with the hours allotted to us most of the lectures got cancelled	
6	They should take more lectures as we dialysis technology students don't have lectures only..just very few lectures.	
7	In every course I wanted to suggest practical knowledge is more needed than theoretical knowledge.	
8	industry visit to be made compulsory	
9	CPR practical course	
10	Give us practical knowledge as well	
11	Need Hand on Training as compared after completing of syllabus	

SYMBIOSIS INSTITUTE OF HEALTH SCIENCES

Symbiosis International (Deemed University)

12	Please ensure that teachers are given enough materials to teach, presentations are not enough. The books in the library are not nearly enough and the ones that are needed cannot be checked out. There are no classrooms available for group studies. Not enough space in the campus to sit and study.

Name of the Institute: SYMBIOSIS INSTITUTE OF HEALTH SCIENCES						
Name of the Program: B.Sc. MEDICAL TECHNOLOGY						
Faculty Feedback on Curriculum						
Academic Year: 2019-2020						
The feedback from the teachers were through Structured questionnaire filled while visit on campus and through interactions with them.						
No. of Respondents : 30						
Sr No	Question	STRONGLY AGREE	AGREE	NEUTRAL	DISAGREE	STRONGLY DISAGREE
1	I am given enough freedom to contribute my ideas on curriculum design and development.	13	12	3	0	2
2	The faculty members/ teachers are supported with adequate learning resources	2	11	1	1	2
3	The faculty members/ teachers are encouraged to establish linkage with the industry.	9	16	2	1	2
4	The syllabus is relevant and adequate in terms of scope, depth and choices to help develop the required competencies amongst students	5	19	2	1	2
Summary of Feedback Analysis and Action Taken:						
Sr. No	Particulars / Action Point	Action Taken				
	We should focus on student's practical training. I am sure this would be now possible as with new hospital of symbiosis.	Organized more CTC – to discuss case scenarios. To focus more on 'Hands-On' practical training at hospitals, To include topics on ECMO, AI, Entrepreneurship, Safety practices during Pandemic,				
	Practice, Hands on training, ECMO, PRONING, skill training.					

SYMBIOSIS INSTITUTE OF HEALTH SCIENCES

Symbiosis International (Deemed University)

Accredited by NAAC with 'A' grade

FOUNDER: PROF.DR. S. B. MUJUMDAR M. Sc. Ph.D. (Awarded Padma Bhushan by President of India)

	Please be more practical while teaching	Telemedicine etc. Emphasise more on simulation based training & To introduce new Full time faculties. To add new equipment in the skill stations. To include projects during Summer Internships.
	Please bring more experienced faculty..	
	Practical, ECMO, PRONING, VENTILATOR Hands on training.	
	We need to focus on developing more practical skills for students in hospitals.	
	ECMO , PRONING, CASE SCENARIO	
	Research based outlook should be encouraged. Full time faculties should be hired.	
	Some more equipment must be made available for clinical skills	
	Entrepreneurship and Management courses	
	Practical is required	
	Latest Advance technique in Imaging. The role of AI in healthcare.	
	Safety practices during pandemic situation	
	Lectures with demonstration	
	Hospital training schedule should be revised, there should be one introductory hospital visit before theory classes, it will be easy for students to visualize.	
	It would be beneficial if students visit hospital (MRI, nuclear medicine dpt.) before they study theory topics.	
	Revision on basic concepts of physics (11th,12th std. based)

5	There should be more practical experience for the students.	Hospital and students need more Hand on Training like more of Hospital Training.	
6	My daughter always complained about lectures getting cancelled,She is in dialysis technology .So that part should be considered and improved .Thank you		
7	Confidence development is more important to make every student employable , course would definitely get over at certain period but students confidence is must.		
8	New practical courses to be done		
9	It enhances a new medical field for new students and boosts information about alot of different specialization (MT)		
10	It is really good for students .		
11	The course of Respiratory Therapy should be of 4 years
